JESUS READING one PROPHECY of HIS ministry: *"YHWH (the LORD) has anointed Me To preach good tidings to the poor; He has sent Me to heal the brokenhearted, To proclaim liberty to the captives, And the opening of the prison to those who are bound; ... "* [Isaiah 61:1]

MOVEMENT 1

VERSE 1

Many stores use it as their "Marketing Plan": that tall side-ways wind sock tube that waves as if a friend. Parking lots are boring, so we tend to look at "him" : that advertising **"Come and see what you need ... HERE!" Noodle Man.**

VERSE 2

Some of us scoff at it: We're NOT deceived by this plan to draw us in with a cutesy flowing tube that tells me what I need. But some are entranced, go in, hear News: "This Store Meet Needs." That advertising , **"Come and GET what you need ... HERE!" , LIED.**

VERSE 3

Often churches use it: a cutesy "Marketing Plan": A Gospel plan of evangelism to draw more people in. But some are entranced, go in, hear News: "God Will Meet Needs." But when the programs start teaching God's warnings, they feel tricked, so they leave.

VERSE 4

WHAT of GOD? Did HE use pleasant, enticing plans? NO! God and His Son Jesus and all prophets used STERN WARNINGS -- with LOVE. God has never entertained us. He's use firm, STERN words, And Jesus told us, **"GO and tell God's Gospel.... GO OUT GO tell them!"**

MOVEMENT 2 (Verses 5 and 6 followed by CHORUS on page 2)

VERSE 5

Noodle Man with painted smile stays outside, to draw people in. But soon people leave-- angry, still feeling HOPELESS. They need to hear: >> CHORUS

VERSE 6

The best Gospel Plan is this: GO OUTSIDE, like Jesus did. Show you care, **TALK like a friend.** Tell them all Gods loving warnings.....**TELL: >CH:**

Song Story. On the way to the gym, heard the radio talking about those tall nylon tubes of air that dance around with arms and a painted face with smile at so many stores... And learned that each is called a "noodle man" even though more like a wind sock than a piece of spaghetti. At the gym on elliptical machine, I filled 2 pages in small printing with these verses, except for the last few lines, 17-21, of the CHORUS. That night I typed it, ready to put on the World Wide Web the next day.
