END Spoken.

In science, we contaminate experiments results if we decide before the end what the experiment results will be...

So I'll pray and I'll wait to see if my prayers show YES, a God hears me....
if my prayers show God does care for me.

Malachi 3:10 says, *“Test me in this,” says the Lord Almighty, “and see if I will not throw open the floodgates of heaven and pour out so much blessing that you will not have room enough for it.”*
a safe experiment

Deuteronomy 4:29-31 NKJV: <not on recording>

"... you will seek the LORD your God, and you will find Him if you seek Him with all your heart and with all your soul.

When you are in distress, and all these things come upon you in the latter days, when you turn to the LORD your God and obey His voice,
(for the LORD your God is a merciful God), He will not forsake you....."

Song Story.

As I talked with people who could not “see” both that

(1) 'God' IS logical, and

(2) God WANTS us to use the intellect He gifted to us-- how else would we avoid believing anything and everything?----

I began to pray for a new album: Amazing Lord 'n' Logic. This first logic song was then moved to the the first song on this album. And I laughed when I first 'saw' the parable that God showed me in on the smoky ceiling of the high school's science classroom! At least whatever happened didn't make the newspaper, so it must have been a minor, interesting incident with their science experiment!
