Album: Amazing Lord 'n' Logic

SPOKEN AT BEGINNING: Very Intelligent people have studied writing styles of the Bible and declared that part of the scriptures were added later, are untrue. Whatever thoughts come into your head on this topic, always return to this **logic** and **logical question**:

Is the Almighty God, the Creator of the entire universe, UNABLE to keep humans He created from putting mistakes into His written Word, His Bible???
That's just not logical for anyone who knows God is real. You've been warned-- Satan the Liar will try to trick you just like he did to Adam and Eve... who were ALSO real people according to God.

You've been warned! You've been warned! First John 5: 19. First John 5: 19.

Satan's a lion seeking YOU to devour.
